

## Newsletter n.8

Dear ARBRE members,

A very warm Welcome to the 32 new members, who have (re)discovered ARBRE through MOSBRI 2025.

Following the poll sent to old members and the number of registrations at the Conference in Paris, it is my pleasure to announce that the annual GA in hybrid format will be held at the Institute Pasteur. More details and the link will follow in a few weeks.

We need volunteers for the Working Groups "Membership & Communication", "Training & Scientific Meetings", "Benchmarking, SOP, technology awareness". You can send an email to the secretaries Josef Houser and Barbara Zambelli ([info@arbre-biophysics.eu](mailto:info@arbre-biophysics.eu)) All the members are needed to keep ARBRE up & running and strengthen our community.

I am looking forward to implementing ARBRE's activities with your involvement.

With my best wishes,

Adriana Erica Miele  
President of ARBRE

Lyon, March 28<sup>th</sup> 2025

---

## Announcements

**ARBRE** is proud to offer **Best poster** and **Best oral prizes** at **MOSBRI 2025 in Paris**. The prizes will include a complimentary registration to ARBRE.

(<https://www.mosbri.eu/events/conferences/paris-2025/>)

---

Deadlines for early bird Registration to **EBSA 2025 in Rome** is approaching → April 6<sup>th</sup> → Hurry up!

**ARBRE** is in charge of the parallel session **“Breakthrough Methods in Molecular Scale Biophysics”** on Thursday July 3<sup>rd</sup> from 15:00 to 17:00.

The chairs are Tomasz Kobiela and Barbara Zambelli.

Invited speakers are Ben Schuler (ETH Zurich) and Elisabetta Mileo (Aix-Marseille University).

The names of the 4 speakers selected among the very interesting abstracts received will be out soon. If you would like to contribute to the session with a **poster** → **submit before March 31<sup>st</sup>**

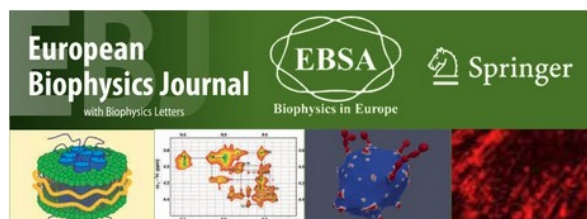

30 June – 4 July 2025  
**ROME** – Italy

---

A Special Issue of the **European Biophysics Journal** is open for submission. It is dedicated to the outcomes of MOSBRI project and accepting contributions from all the community of molecular-scale biophysics, including ARBRE’s members. The deadline for submission is **September 30<sup>th</sup> 2025**. More info at:

<https://link.springer.com/collections/idcdjihhdb> or you can eMail the editorial board at [ebj\\_special\\_issue@mosbri.eu](mailto:ebj_special_issue@mosbri.eu) with a tentative title and short summary as expression of interest.

---

ARBRE is proud to announce the involvement of its members in **two satellites workshop to EBSA (one before and one after)**.

Registration is open to both, but places are limited, so connect to their respective websites for more info.

Reduced fares are offered to young researchers and to registered participants to EBSA conference.

**International Post-Graduate Course on  
PROTEIN QUALITY CONTROL**
